

Teacher A: 14 kids up to 20 weeks 14/25
 Teacher B: 18 kids up to 20 weeks 18/31
 Teacher C: 13 kids up to 20 weeks 13/25

Table: Year One Reading Graph

Teacher/Week	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	32	35	39	40	Total
Teacher A	1	2					1				1	3		1			3	2						1			3	3	2		1		1	25
Below Level	1						1					1					2										2	2	2		1			12
At Level		1										1						2						1			1	1						7
Above Level		1									1	1		1			1															1		6
Teacher B				2			2	1	1		1	1		4	1	1	1		3			1	1	4	1	2	1	2		1				31
Below Level														1					1							1								3
At Level							1	1	1		1										1		1	1		1	1		1					10
Above Level				2			1					1		3	1	1	1		2				1	3		1		1						18
Teacher C		1	1			1		1	2		1			1	1			2	2		1		2			1	2	3	1			1	1	25
Below Level															1			1									1							3
At Level		1						1	1		1			1				1	1		1		1			1	1	2	1				1	15
Above Level			1			1													1				1					1				1		6

NOTE:

Individual points on the graph represent the reading level of each child in three Year One classes plotted against the number of weeks they have been at the school. Upper and lower boundaries of expected achievement are represented by the wedge. Those students lying above the wedge are performing above age-expected levels, below the wedge are achieving below expected levels. Timperley & Wiseman (2003)
