Leading Intervention Planning, Implementation and Monitoring with Teachers

Intervention purpose and focus: _____

Rationale (the evidence base): _____

Synopsis of the intervention action: _____

Steps to consider

	Who (which students) will participate in the intervention action and on what evidence?	What aspect/s of reading will be covered by the intervention action and what will be done with what resources?	When will the intervention take place, eg sessions per week, during literacy block?	Who will be responsible for the intervention action?	What will be the duration of the intervention action? How long will the initial phase last?	How will we monitor each aspect of the intervention action?
Wave 1						
Wave 2						
Wave 3						

Given the focus of our intervention actions what aspects of the LfL Blueprint do we need to consider?

What do we need to do in professional development?	What do we need to address in the conditions for learning?	What aspects of our curriculum program do we need to focus on?	What parent/ community issues need to be addressed?	How do we ensure leadership is shared and that we are well organised?	How do we monitor each aspect of the intervention?

Planning Questions for the Principal

What actions do I need to initiate when I return to school to get started on each of the Waves of Intervention? By whom? By when? With what resources?
